Balsells Fellowship Program

If you are a Spanish citizen who resides in Catalonia and have obtained an Engineering degree (2nd cycle) or related degree from a Catalan university within the past five years or will obtain it this year:

The Balsells fellowship will give you \$1600 per month plus all registration expenses and health insurance to pursue a Master's or PhD degree at UCI. The program is jointly funded by the Balsells Family, the *Generalitat de Catalunya*, and the Henry Samueli School of Engineering at the University of California, Irvine

The University of California at Irvine

UCI is a major research university offering research opportunities in a wide range of disciplines and several programs unique to the campus. Located 8 kilometers from the Pacific Ocean between Los Angeles and San Diego, the campus provides access to the high-technology industry of Southern California.

The Henry Samueli School of Engineering at UCI offers Master's and PhD programs in: Aerospace Engineering, Biochemical Engineering, Biomedical Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Environmental Engineering, Mechanical Engineering, and Materials Science.

Application Deadline: February 1st each year
